MU focuses on continuous improvement by seeking to demonstrate growth in student and partner satisfaction with the program. Additionally, MU works to enhance the achievement and certification measures of its completers. The unit annually surveys the previous academic year program completers. Data from principals that employ recent completers are analyzed to measure satisfaction with the PEU completers they employ. Another source of survey data is an analysis of the program provider survey data collected by PDE as completers apply for their initial 1 license. All initial and ADV programs use these data as an opportunity for growth in the areas of their satisfaction in field placement, advisement, being prepared to teach, etc. PDE survey data. MU then contacts completers to hold interviews, and write the report each semester as program improvement. Regular invitations to school partners for participation in round-table discussions related to field placements. PDE Meetings discuss annually for this purpose.
