

Faculty Senate Meeting

DATE: October 13, 2017
TO: Members of the Faculty Senate
FROM: Kat Walsh, Chairperson
SUBJECT: Faculty Senate Meeting, October 3, 2017 at 4:05-5:45 p.m.
Osburn Hall, Room 200/201

- I. Welcome/Introductions
- II. Minutes of the October 3, 2017 meeting
- III. Proposed Courses and Programs

Consent Agenda New Course

- 1) **ESCI 345 Atmospheric Radiative Transfer (3 credits)** Quantitative description and analysis of atmospheric radiation and its interaction with atmospheric constituents and the land and ocean surfaces. Intended primarily for meteorology majors, although may be of interest to ocean science and coastal studies majors, physics majors, or others needing a comprehensive understanding of radiation and radiative transfer.

Consent Agenda Course Changes

- 1) **ESCI 342 Atmospheric Dynamics I:** Update course description and add 1-credit recitation.
- 2) **ESCI 340 Physical Meteorology:** Change title and description. Some topics have been removed and will instead be addressed in a newly created course on radiative transfer.

Consent Agenda Curricular Change

- 1) **B.S. Meteorology:** Update curriculum to provide additional options for some courses. Change curriculum to reflect course changes and add one additional newly-created course to the requirements.

Please see the electronic proposals that are making their way through and offer feedback as needed/appropriate

October 23rd SMC 8:00-3:00 Social Justice Event (flyer will be posted) please try to come and encourage your students to come as well
Something inspirational and encouraging.....
