CHANGE TO UNDERGRADUATE CURRICULUM

- (3) Gerontology minor. Proposal to adjust required and elective courses based on current availability and offerings.

Questions regarding common themes with SOWK306, a PHIL course, and PSYC229. Noted that SOWK315 addresses broader issues than SOWK306, the PHIL course is not offered frequently enough for needs but could be okay for student to take as another elective, and would support offering PSYC229 more often.
