: Regular Standing students need 3 elective courses for the MSW degree.

Students can take electives in the term or terms that best fit their program of study. Students should work with their Advisor to plan for electives required for certificates, certifications, or dual degrees. Not all electives may be available to Regular Standing students before Specialization Year.

In the MSW Program, if this class is not taken in the first summer session, it must be taken in the first winter session.

There are two summer sessions: one begins in May, and one starts in July. Millersville uses Summer 1 and 2, while Shippensburg uses Summer A and B.

Students should consult with the Financial Aid Office to ensure they maintain eligibility for financial aid, as financial aid may be contingent on registering for a minimum number of credits. Financial assistance also may be restricted by semester. Please get in touch with the Financial Aid office to confirm eligibility.
